## PRICE LIST 1952

# GLADHAVEN GARDENS

George G. Fowler, Prop.

North Main Street

West Franklin, N. H.

Again We are here to wish you a Happy New Year, may you have Good Health and Much Prosperity.

We have drastically reduced the prices of the higher priced glads, owing to the increased cost of production and almost double postage rates we cannot reduce prices on the lower cost items and break even.

It costs nearly as much to pack and pay the postage on an order for \$1 as it does for a \$2 order, so we are asking you to make your orders at least \$2 or more. Get a neighbor to club with you and have the two or more orders sent together. We will keep each order separate. This will be a saving to you as well as ourselves. Any order under \$1 will not be filled unless 25c extra is added for postage and packing. EXCEPTIONS, Lily seed, Pop Corn and bulblets, will be mailed as listed anywhere in the U. S. Post paid.

Last year we could not fill some orders, no name or address was given on them. Be sure and have your name and address on your order. It is also a good plan to have your name and address on the outside of every letter you mail.

Thank you for your patronage in the past and trusting you will favor us again this season,

We are faithfully yours,

Mr. and Mrs. George G. Fowler.

Jan. 4th, 1952.

### TERMS OF SALE

All prices are subject to the following conditions and may be changed without notice.

(a) Any Federal or State Tax that may be imposed on sales.

(b) Stock on hand when order is received.

(c) No bulbs mailed C. O. D. without at least a 25% deposit with order.

All bulbs are mailed postpaid to 4th Postal Zone.

You may buy 5 bulbs at 1/2 the price of 10 bulbs. 25 bulbs for twice the price of 10 bulbs.

### HOW TO REMIT

Money Orders and Checks are the best and safest.

1, 2 and 3c stamps for small amounts, cannot use Air Mail stamps.

IT IS NOT SAFE TO SEND LOOSE CASH.

### IMPORTANT

ORDER EARLY and state on the order sheet when you want the bulbs shipped. We acknowledge the order by post card so you may know your order has been received by us. Indicate on the Order Sheet if we may or may not substitute if out of variety ordered. Print your name and address plainly and please do not use the Price List for an Order Sheet as it is very confusing.

If I am out of size ordered will send the next nearest size to value of order or more. You can expect extras with your order depending upon the size of order. KEEP a copy of your order. We will do the best we can with orders asking us to "ship by return mail" depending on how cold the weather is when order is received. Without other instructions we will ship in time for proper planting in your locality.

DO NOT WAIT UNTIL the day before you want to plant your bulbs before ordering. If you do not want to pay for bulbs in full when you order, a 25% deposit with order will hold bulbs until May 1, 1952.

### SIZE OF BULBS

LARGE bulbs are 1 1/4 inches in diameter and over. Medium size bulbs are from 3/4 to 1 1/4 inch in diameter averaging about 1 inch. Small bulbs are under 3/4 of an inch and over 1/4. All large and medium size should bloom this season if planted before June 1st. Most of the small bulbs will bloom if planted before May 15th.

### GUARANTEE

We guarantee that the gladiolus bulbs you buy from us will be true to name, healthy and properly cured for planting spring of 1952.

Cannot guarantee crop or anything depending on cultivation or weather.

WE CANNOT GUARANTEE EVERY BULB TO BLOOM FOR YOU, as they will not always bloom for us.

### FULL CULTURAL INSTRUCTIONS WITH EVERY ORDER

ORDER EARLY and have bulbs reserved for mailing after danger of frost is over. Orders received after May 10 asking shipment by return mail are often hard to fill, a disappointment to you and ourselves. Without instructions will ship at proper planting time in your locality.

A 25% deposit will hold orders till May 1st. Cannot ship to Canada.

#### GLADHAVEN ASSORTMENT

This assortment is the best we have ever offered and is made up of about all colors of the rainbow, not too many of any one kind, some early, some mid-season and some late. We expect all sizes will bloom this year if properly grown. Even the small size will bloom if planted not later than May 25th, of course the spike will not be as large but will make a large bulb for next year. If you buy a hundred bulbs plant 50 of them early and the other 50 three weeks later and you will have a long season of bloom.

#### NOT THESE LOW PRICES!

##### Large Size 1 1/4 and Over

50 for \$2.25

100 for \$4.00

##### Medium Size About 1 inch

50 for \$1.25

100 for \$2.25

##### Small under 1/4

100 for \$1.25

#### BULBETS

Bulbets from above assortment and from the higher priced ones well mixed, that will give you flowering bulbs in two-years.

Sometimes bulbets will bloom first year if planted early.

100 good sized bulbets for 25c, 300 for 50c, 1,000 for \$1., and one full quart for \$2, all postpaid anywhere in U. S.

#### REGAL LILY SEED, 1951 CROP

The beautiful Regal Lily can be easily grown from seed. They are perfectly hardy, and grow 4 to 5 feet tall, bloom in July, have large trumpet shaped white flowers that fill the evening air with delicious fragrance. Some of ours last July had 22 buds and blossoms on one stalk.

Very nice for cutting, buds will open nicely indoors.

Generous packets of seed with complete cultural instructions, ONLY 10c, 3 packets for 25c.

#### GLADHAVEN GOLDEN HULLESS POP CORN

This is our old original Hulless that we used to sell a few years ago. Owing to weather conditions 1951 crop was the best crop of this corn for seed we ever had. The past few years before that had been a total failure due largely to dry weather. This is the best popping corn to be had anywhere, tender and of excellent flavor. No popping stock for sale, all sold out for this season. If you grow this corn for sale you can sell all you can raise at a good price once your customers try it.

Price: 1 oz. pack 10c, 3 for 25c. Postpaid.

#### SPECIAL NOTICE

Unpack your bulbs at once as soon as received and store in a cool dry place until ready to plant. DO NOT LET YOUR BULBS FREEZE AT ANY TIME.

BY READING this list carefully you can save a lot of unnecessary correspondence.
